

TURNING AND MILLING VERTICAL CENTER “PIETRO CARNAGHI AC65 – TM5000”

SPECIFICATIONS:

Table diameter:	5000mm
Maximum turning diameter	6500mm
Maximum turning height	4500mm
RAM section	350x350mm
RAM course	2500mm
Maximum turning weight	200Ton (crane capacity 100Ton)
Maximum speed	78 rpm
Numerical control	Siemens 840D solution line

ACCESSORIES:

- Milling/drilling vertical head (max. speed 2500 giri/min)
- Milling/drilling horizontal head (max. speed 1000 giri/min)
- Grinding accessory (for plane and diameter)
- Renishaw probe for tool preset
- Renishaw probe for piece measuring
- High pressure cooling (max. 50bar)
